### Vinification

Traditional vinification in thermoregulated stainless steel vats, over a period of about 3 weeks: Cold-maceration around 8°C. Pumping over for the extraction of colour and structure. Fermentation with peak temperature around 30°C. Post-fermented maceration at 25°C. Maturing in vats for 8 to 16 months with malolactic fermentation.

Marl and limestones soils.

Bright red colour with violet reflections.

#### Nose

Nice nose, open on aromas of berries supported by a toasted persistence.
